

H.E  
Ambassador of

As Hacettepe University, internationalization is among our priorities

We believe that international students are indispensable for academic life and also for the internationalization process of the universities. We have students from all continents and from 96 countries. In this respect, we dedicate a day, every year in the first week of May, as **International Students Day** in which the international students at our university have the chance to promote their countries by various performances, meet and enjoy several cultures and cuisines all around the world, and enjoy social togetherness. We offer stands, free of charge, to the participant countries to display their handicraft and cuisine.

It is my pleasure to invite you to the **International Students Day** which will take place on **5 May, 2015 at Beytepe Campus**. On behalf of Hacettepe University, it will be our honor to host you and/or a representative of your Embassy. The invitations will also be sent by post.

Kind regards,

Prof. Dr. A. Murat Tuncer  
Rector  
Hacettepe University

RSVP: until 8 April 2015
